SCORPION STING

BAND INFO

Founded in 2013, the band is dedicated to the classic Scorpions songs of the 70ies and 80ies when the Scorps were at their most creative and among the most successful and famous heavy rock acts of the world. SCORPION STING's repertoire does not just encompass the highlights of platinum albums such as „Love Drive“, „Blackout“ and „Love At First Sting“ – true classics of the „Tokyo Tapes“ era are also brought to new life. From the grand stadium ballads to the hardest tunes the Scorpions had to offer, SCORPION STING's five experienced musicians are able to live up to the expectations of a most critical rock audience.

FRANK HEUKEMES

Vocals

Not enough that his voice and phrasing is shockingly close to the one of the original Scorpions singer Klaus Meine, Frank also addresses his audience in between the songs in the distinctive style of his Hannoveranian role-model.

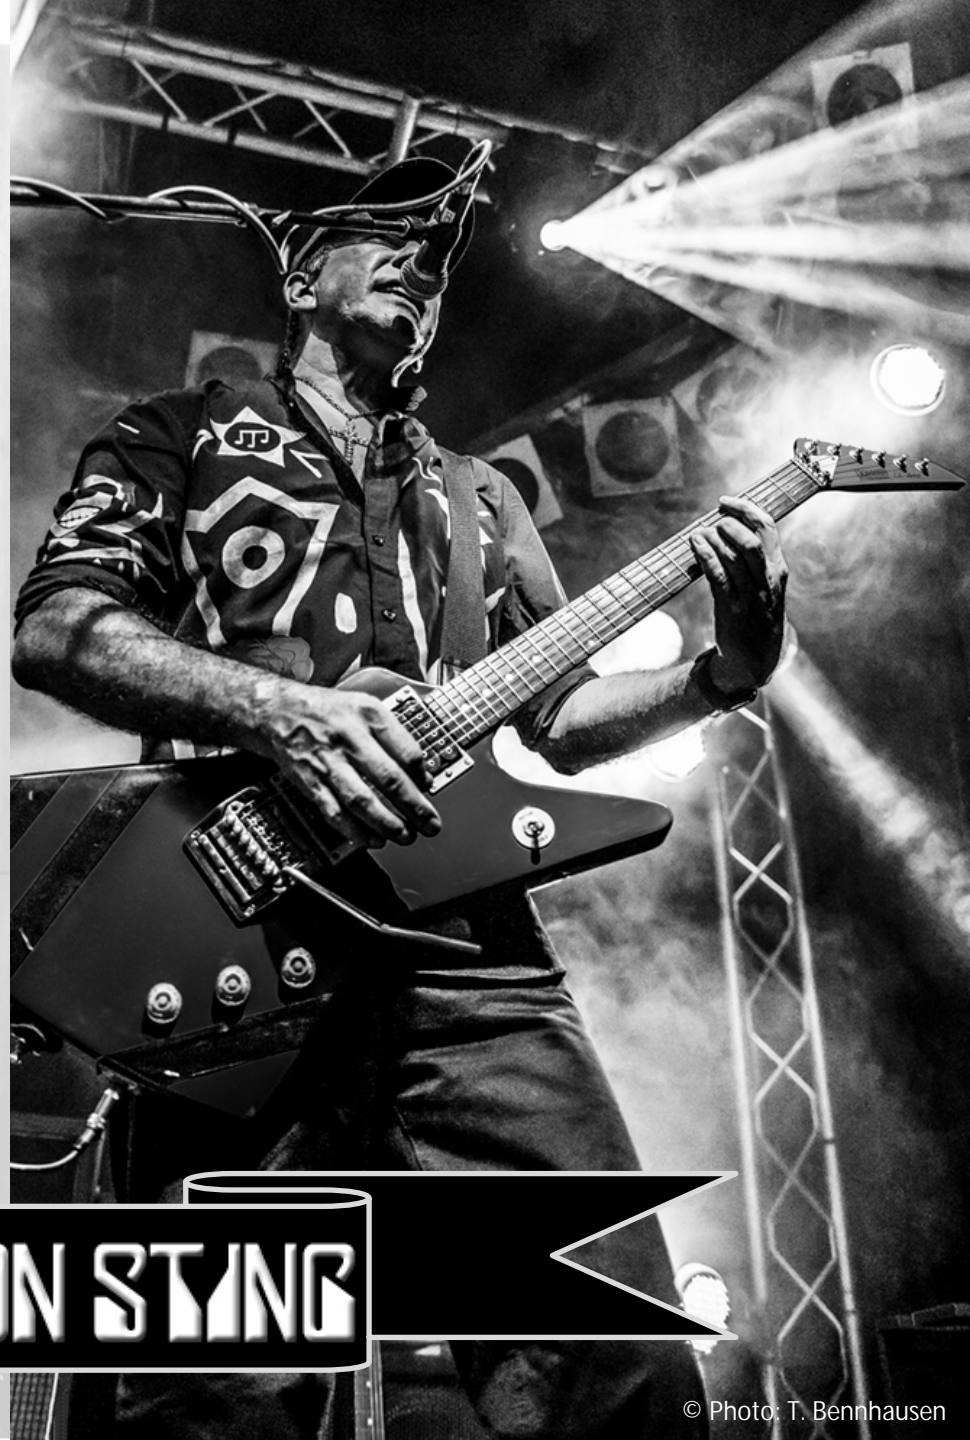

SCORPION STING

STEFAN MARKOWITZ

Guitars

This creative sound architect is not only able to make the ultrasonic styles of Matthias Jabs, Uli Jon Roth and Michael Schenker his own, he also meticulously recreates the specific sounds of the respective Scorpions songs.

SCORPION STING

RALF KESSLER

Guitars

Nothing is as fundamental to the core of the Scorpions sound like Rudolf Schenker's Flying V. Ralf is the master of the brute riffs emerging from this monster of a guitar and he also knows how to create a physical rock hurricane.

SCORPION STING

STEFAN SCHIEMER

Bass

Intense vocals and hammering guitars ask for a steady but discreetly driving basis and very few bass players understand this apparent contradiction as well as Stefan does.

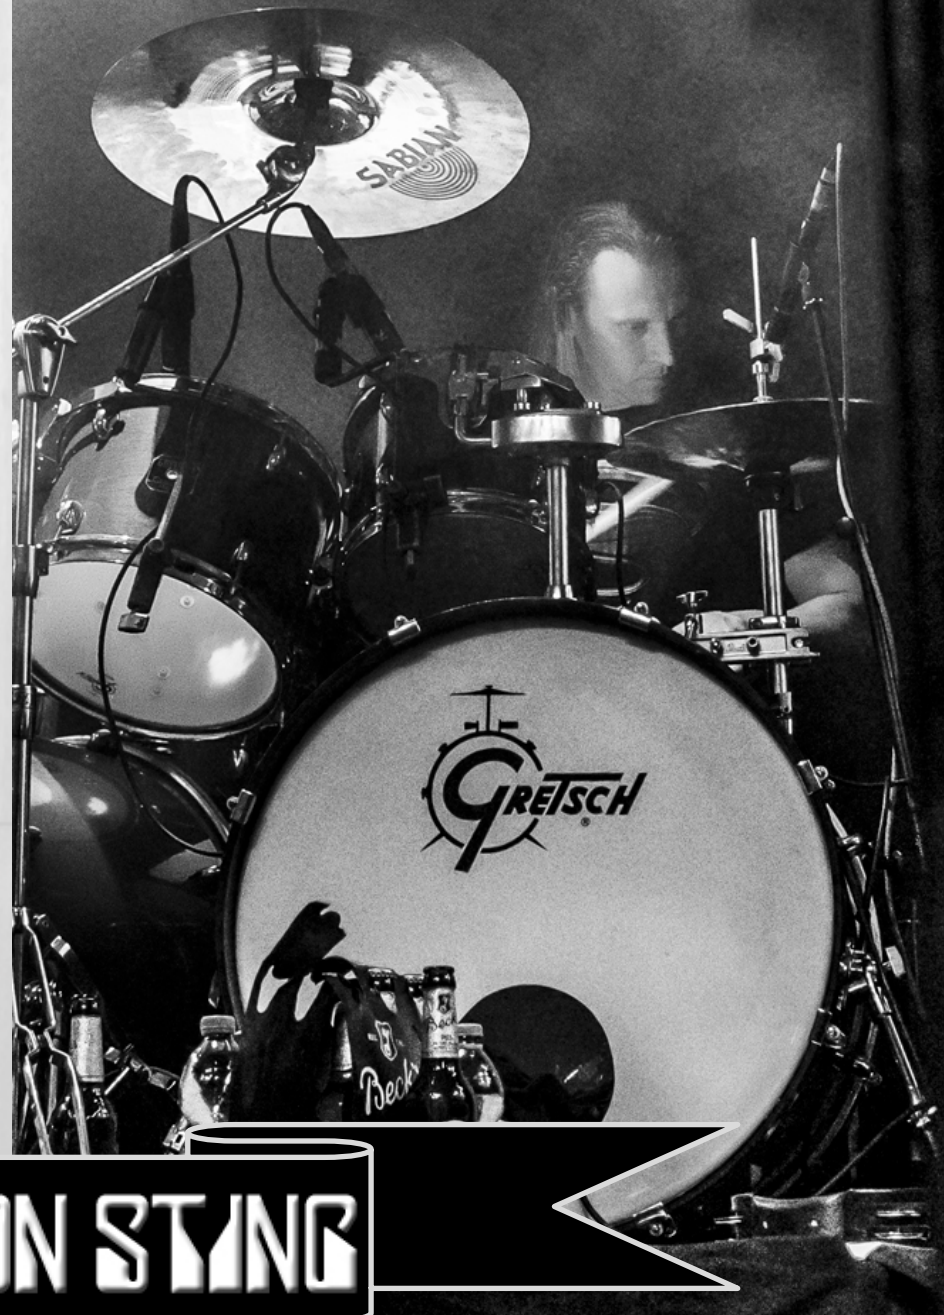

SCORPION STING

LARS SCHWARZMANNSEDER

Drums

Dynamic drumming with the perfection of a Swiss clock. Lars goes for the ideal compromise between James Kottak's modern style and the impeccable precision of the classic Scorpions drummer Hermann Rarebell.
